### 4 - Why were you engaged (or not engaged) in this course?

Response Rate	8/20 (40%)
<ul style="list-style-type: none"> <li>• I studied for each test and was actively involved in all the labs we had this year.</li> <li>• I attended the classes and did the exams and labs/</li> <li>• he asked questions or made us review terms as we learn</li> <li>• I enjoyed learning about different groups within the animal kingdom. I also enjoyed doing dissections.</li> <li>• This is a very information heavy class. I find myself paying attention more as we go into more common animals, or at least animals we can see without a microscope.</li> <li>• The professor is nice</li> <li>• h</li> <li>• The professor focused on the animal species that aren't commonly taught in other classes. This provided more range of knowledge in my studies.</li> </ul>	

### 5 - What advice would you give to another student who is considering taking this course?

Response Rate	9/20 (45%)
<ul style="list-style-type: none"> <li>• Careful with tests and quizzes sometimes I find that there are questions that aren't from notes and just can be confusing at times.</li> <li>• Take good notes and attend labs</li> <li>• Come to class to understand the power points.</li> <li>• look over powerpoints</li> <li>• Study!!!!!!!!! And go to class.</li> <li>• STUDY. DAYS BEFORE. WEEKS BEFORE. His tests are DIFFICULT and you WILL FAIL. look at your notes but more importantly listen to the lectures, he is not going to hand the exams over on a silver platter but he does give you the information. It is a tough class, get ready.</li> <li>• get highlighters it helps</li> <li>• h</li> <li>• It is a lot of material, keep up with it and don't be afraid to ask questions. This professor is awesome and is always happy to help.</li> </ul>
